

DANA POINT YACHT CLUB'S

Maritime Matters

Speaker Series

In this month's seminar, DPYC Member Pete Curran will be teaching about marine weather. Topics he will touch on include:

- Principles of marine weather for beginning or experienced sailors
- How to read weather charts and understanding pressure gradients and their effect on wind and sea surface state
 - Visual indicators of stable vs unstable air
- Review local marine forecasts, SoCal and Baja marine weather zones, NWS watch/warnings
- Best new marine weather web sites and smart phone applications and a sneak peak to Ensenada Race weather by DPYC's very own Wxgeek
