

## DPYC Guest Slip Policy

1. The first three days in a guest slip are free to visiting boaters from clubs with reciprocal agreements and to DPYC members. (**NOTE:** DPYC matches the number of free nights of the visiting boater's yacht club if that yacht club offers *less* than three days free.)
2. Limited to three days free every three months.
3. For stays from four days up to seven days, Dana Point Yacht Club is **required** by our lease to charge the same guest slip rates as the community docks. (*The current rate is \$1.00 per foot per over night stay*).
4. All fees must be paid in advance upon registering at the office. (Members and guests)
5. Guests, including members, must provide DPYC with copies of insurance papers and certificate of ownership (*the same as required by the Dana Point Marina Company for those renting guest slips at the community docks*) as well as current telephone numbers and address.
6. DPYC members may request to extend their stay for up to a maximum of seven days *per extension* with the following provisions:
  - a. DPYC has not reserved the slip(s) for special DPYC events such as races that have a significant number of out-of-the-harbor racers (these include the J Mid-winters, Seal Beach Race, Long Beach Race and the Around Catalina Island Race).
  - b. DPYC does not have advance reservations for the slip(s) for visiting boaters who are members of yacht clubs with reciprocal privileges.
  - c. Other DPYC members have not requested a guest slip.
7. As per our lease, living aboard is prohibited. Vacationing aboard a vessel for up to 3 weeks is not considered living aboard under the license. To verify that the guest is on vacation rather than living on the boat, the Club is to obtain an address of the guest's principal place of residence.
